Meeting Date: 4 Dec 2012, EOC

November 2012 Motor Vehicle Accident (MVA) Review:

1. There were two MVAs for the month of November. One was a contractor and the other accident was two POV's. Both accidents were backing accidents.
2. **Reviewed the ES&H fair:** Committee discussed the fair and the TSS's participation in it.
3. **Reviewed Nancy's Ferminews article on traffic safety:** Discussed the positive message and other ways to spread the news about traffic safety at FNAL.
4. **Recent complaints about parking lot etiquette and safety:** Discussed the potential for safety concerns about parking lot traffic and possible solutions (pedestrian signs, speed limit signs).
5. **Chairman suggestion for Traffic Safety Awareness:** The ever wise and oh so humble chairman has suggested an occupied booth similar to what the Computing Division (CD) uses (the doctor is in) to communicate CD services to Lab employees. His idea was of a "fishing well" type of structure where each participant/contestant will have to answer 1 question correctly to get a chance to fish for a prize. The question will be from the Traffic Safety Awareness training, and other sources (Illinois' Rules of the Road, TSS web site, etc.). The fish will be pieces of paper indicating the prize.
6. **New business –** Discussed how the portable pedestrian crossing signs with a stop symbol in them are causing some confusion to the residents of Batavia. Discussed the justification to purchase signs without the stop symbol in them.
Also discussed the results of the speed survey conducted in the parking lot between Wilson Hall and Linac.
7. Meeting Adjourned.

Next meeting 1/8/2013 at 1:00 pm in the EOC at Wilson Hall
